Waiver and Consent for _____

I desire to participate voluntarily in the programs at Harcum Fitness and Aquatic Center in an attempt to positively affect my lifestyle. In doing so, I understand and agree with the following statements:

I understand that physical activity may include efforts that stress the cardiovascular, neurological, muscular, skeletal, and other physiological systems of the body. The reaction of these systems to physical activity cannot be predicted with complete accuracy. The programs promote gradual progressions of activity frequency, volume, and intensity within appropriate guidelines for aerobic, endurance, resistance, flexibility, and skill specific activities. I recognize there is a risk for strained muscles, sprained joints, heart attack, and other medical incidents during and after physical activity.

I understand that the use of the pool is at them member's/guest's own risk. No lifeguards will be on duty.

I may choose to participate in activity and wellness assessments and understand that the results of these assessments are not to be construed as diagnostic or medical advice. This information may be used to establish directions and guidelines for my activity and wellness programming.

I understand that I am responsible for monitoring my own condition before, during and after physical activity and fitness assessments. I will inform activity leaders and staff of any unusual symptoms and may elect to cease activity. I acknowledge that The Wesley Communities, Harcum Fitness and Aquatic Center and Wesley Ridge, recommends that I consult my physician prior to beginning an exercise program or if I have reason to believe that exercise may cause some harm or danger to me.

I consent to and permit emergency treatment in the event of illness or injury while participating in the activities and programs at the Harcum Fitness & Aquatic Center.

I understand that I am responsible for damages or loss to all personal belongings and that I will be held responsible for damages or losses caused by my negligence or negligence of my guests.

In signing this Membership Waiver and Consent form, I affirm that I have read this form in its entirety and that I understand the nature of the risks and precautions associated with physical activity. I also affirm that my questions about physical activity and risks associated with Harcum Fitness & Aquatic Center membership and programs have been answered to my satisfaction.

I understand that The Wesley Communities, Wesley Ridge and Harcum Fitness & Aquatic Center assumes no responsibility for injury or illness that I or my family members sustain as a result of, or resulting from, my participation in any athletic activity, programs, use of any equipment, pool or otherwise. In consideration for being allowed to participate in the membership and programs, I agree to assume the risk of such activities and further release, discharge and hold harmless The Wesley Communities, Wesley Ridge and Harcum Fitness & Aquatic Center, its employees, agents, and volunteers from any and all claims, suits, losses, or related causes of action damages, including, but not limited to, such claims that may result from me or my family members' or guests' injury or death, accidental or otherwise, during or arising in any way from, my Harcum Fitness & Aquatic Center involvement.

I, have read and understand the above provisions and agree to be bound by them, as indicated by my signature below.

Physical Activity Readiness Questionnaire (PAR-Q)

Name: _____

Date: _____

Being more active is very safe for most people. However, some people should check with their doctor before they start becoming much more physically active. If you are planning to become much more physically active than you are now, start by answering the seven questions in the box below. Common sense is your best guide when you answer these questions. Please read the questions carefully and answer each one honestly: **Circle YES or NO.**

YES NO	1. Has your doctor ever said that you have a heart condition and that you should only do physical activity recommended by a doctor?
YES NO	2. Do you feel pain in your chest when you do physical activity?
YES NO	3. In the past month, have you had chest pain when you were not doing physical activity?
YES NO	4. Do you lose your balance because of dizziness, or do you ever lose consciousness?
YES NO	5. Do you have a bone or joint problem (for example, back, knee or hip) that could be made worse by a change in your physical activity?
YES NO	6. Is your doctor currently prescribing drugs (for example, water pills) for your blood pressure or heart condition?
YES NO	7. Do you know of any other reason why you should not do physical activity?

If you answered YES to one or more questions:

Talk with your doctor by phone or in person BEFORE you start becoming much more physically active or BEFORE you have a fitness appraisal. Tell your doctor about the PAR-Q and to which questions you answered YES. You may be able to do any activity you want – as long as you start slowly and build up gradually. Or, you may need to restrict your activities to those that are safe for you. Talk with your doctor about the kinds of activities you wish to participate in and follow his/her advice. Find out which community programs are safe and helpful for you.

If you answered NO honestly to all PAR-Q questions, you can be reasonably sure that you can:

Start becoming more physically active – begin slowly and build up gradually. This is the safest and easiest way to go.
